Item 8.01 **Other Events**

On December 8, 2017, the Company's Board of Directors approved a change into the method of taking AMDAQ Corp public. Management has elected to take AMDAQ Corp public through a reverse merger or to be acquired as a wholly owned subsidiary of a blockchain technology company.

Management believes that this change will significantly expedite the "go public" process. At this point, shareholders are not required to do anything with their AMDAQ certificates whether held in certificate form or at a broker dealer. Additional news will be forthcoming to shareholders in the coming days.
